

DAILY LOUISVILLE DEMOCRAT.

VOLUME XV.

LOUISVILLE, KENTUCKY, THURSDAY, AUGUST 26, 1858.

NUMBER 34.

SCHOOLS & COLLEGES.

PRESBYTERIAN FEMALE SCHOOL, OF LOUISVILLE.

BOARD OF TRUSTEES.

A. Gordon, Chairman; W. H. Dunaway, Secretary.

L. W. Williams, Treasurer; Mrs. C. C. Clegg, Mrs. T. Quigley, John Bell, E. Knott, W. E. Knott, Mrs. A. C. Knott.

THE FACULTY.

S. E. WILLIAMS, A. M., Principal.

S. B. BARTON, A. M., Professor of Ancient Lan-

guages; FANNY E. BENNETT, Teacher in Collegiate Department.

Mrs. FANNY M. BARTON, Teacher in Preparatory Department.

Mrs. ELIZABETH FINLEY, Teacher in Primary Department.

Miss MARY E. HARNEY, Assistant Teacher.

Instruction in Extra and Optional Studies

MON. — D'OUVILLE, Professor of French Lan-

guages; H. G. S. WHIPPLE, Teacher of Drawing, Painting, &c.

THE FIRST SESSION OF THE EN-

TRING COLLEGE, will commence on Monday, September 1, 1858, and the second session, February 1, 1859.

PRICES OF TUITION.

Primary Prices, per session of 20 weeks, \$15.00.

Preparatory do do do do do \$25.00

Collegiate do do do do do \$35.00

EXTRA CHARGES.

Modern Languages, each \$10.00

Drawing 10.00

Painting 15.00

Painting, in Oil 20.00

The Tuition Fees are to be paid in advance, at the time of admission, at the middle of each session.

The school property has been prepared and improved at a cost of \$10,000, and the school building, which is large, commodious, and well ventilated, is situated on a raised ground, which affords the pupils ample space to exercise. By order of the Board of Trustees, A. GORDON, Chairman.

Select School for Boys and Girls.

ON THE FIRST DAY OF SEPTEM-

BER, 1858, I will open a School for Boys and Girls, from 6 to 14 years.

The course of instruction will embrace the usual English Branches, Natural Science, &c.

To those who do not know me as a teacher, I merely recite that I have taught in Schools for Boys and Girls, from 6 to 14 years.

The various branches are actually taught, and an attempt is made to impress other Schools in this city.

The school will be open, next to the Louisville Preparatory School.

REFERENCE — Prof. Schenck, Prof. Harney, Dr. Brainerd, Prof. F. L. Jackson, Dr. Charles Lichten, Esq., and Adolf Lichten, Esq. — C. J. KNAPP.

WALNUT HILL

FEMALE INSTITUTE,

Walnut Hill, Fayette county, Ky.

UNDER THE CARE OF THE

REV. J. J. BULLOCK, D. D.

THE NEXT SESSION OF THIS IN-

SCHOOL will commence on the third Monday of September, and terminate the last of June, 1859, — Terms as heretofore.

ELIZA FIELD'S

Select School for Young Ladies,

ON FOURTH STREET, FOUR

dooms, near Broadway, west side. Number

of students will be limited to twenty-five.

This school will begin the third week in September.

TEACHING SESSION OF FORTY WEEKS.

For English Course \$60.00

For French 60.00

For Music 40.00

40.00 All charges payable quarterly in advance, and net.

SHELBY COLLEGE,

THE ENSUING SESSION OF THIS IN-

STITUTION will be commenced on MONDAY, the 13th of September. A full and efficient Faculty is engaged.

Special attention will be given to the study of the English and American periodicals.

Each pupil who may have any knowledge of the English language will be supplied with a copy of one of these periodicals, or a newspaper, to be selected by the President of the College without regard to politics.

A building is now in process of construction for a Library and Reading Room, which, besides the English and American periodicals, each pupil will receive.

Each pupil will be supplied with a copy of one of these periodicals, or a newspaper, to be selected by the President of the College without regard to politics.

DAILY DEMOCRAT.

PRINTED AND PUBLISHED BY
Harney, Hughes & Co.,
EAST SIDE OF THIRD STREET,
BETWEEN MARKET AND JEFFERSON.

THURSDAY.....AUGUST 26, 1858.

The City.

VALUABLE IMPROVEMENT IN TANNING.—We have been shown by Col. H. G. Johnson some leather made by his new process, for which he has recently obtained letters patent. In softness and texture it will compare favorably with the best French calf, and for toughness it cannot be surpassed. There are three advantages, as we understand, in this mode over the old way of tanning. The materials used are cheaper, and one of the principal of which is a common plant that can be raised easily, or can be gathered from the road sides in great abundance, and entirely superseding the use of bark, which is becoming scarce. This plant grows abundantly over the whole country. By the old mode it required from four to eight months to tan skins and hides, which can be as effectively done by this process in four days for light skins, and heavy hides in thirty days, and the quality of the leather is every way better than by the old process. Col. Johnson is to remain for a few days at the United States Hotel, where specimens of his leather can be seen.

BASE BALL.—The Louisville Base Ball Club will play a match this afternoon at the grounds corner of Fourth and Kentucky streets, at five o'clock. The lovers of this interesting and invigorating game are invited to be present.

FARR'S AGUE TONIC OR QUININE SUBSTAN-

CE.—We hear that Bland, the broker on Third street, is buying notes of the discredited Banks at from 2 to 5 per cent. discount.

WISCONSIN MONEY.—We hear that Bland, the broker on Third street, is buying notes of the discredited Banks at from 2 to 5 per cent. discount.

WATERMELONS are cheap enough now-a-days. It is a luxury in the hot month of August to enjoy such liquid fruit.

ARTESIAN WELL.—The artesian well in this city is daily visited by hundreds.

CANDLES were selling in Third street yesterday evening at ten cents per dozen.

REPORT of Dr. Fowles came to us at such a late hour last night that we were compelled to lay it over.

THE alarm of fire last night, about 11 o'clock, was false.

CANAL COAL OIL.—The introduction of canal oil for illuminating and lubricating purposes is destined to effect a revolution in the oil making business. Besides being better than lard oil, or any other now in use, it is much cheaper.

WAGSTOFF.—Thomas Wagstaff was sent to the workhouse for being drunk and carrying concealed weapons, and Patrick Riley was held to bail in \$300 for six months, for being drunk and disorderly.

A young girl, only twelve years old, was arrested for stealing \$35 from Davis and Chevalier, but was let off on account of her youth.

The court sent Henry Carter, a free negro boy, to the workhouse as a home till he can be bound out as an apprentice.

HUGHES' TONIC.—The CHILLS AND FEVER. This remedy is justly becoming very popular throughout the country. We have witnessed the excellent effects of its curative qualities in several instances. It is purely vegetable in its composition, and may be taken by persons of all ages with perfect safety. It is highly recommended by physicians and those who have witnessed its cures. Among all the ills of life, there is scarcely one so stubborn as protracted chills and fever. Before this remedy, however, they soon yield, as we have seen; and we therefore take pleasure in directing those who are afflicted with Hughes' Tonic, as a safe and certain cure. To be had of the druggists generally, and of the manufacturers—Messrs. Sutcliffe & Hughes, Main street, between Third and Fourth, north side.

WHEELER & WILSON'S SEWING MACHINE. We call the attention of our readers to the care of Messrs. A. Wheeler & Co., who are agents for the sale of Wheeler & Wilson's family sewing machines in Louisville. They occupy No. 101 Fourth street, between Market and Jefferson streets, where samples of this great invention may be seen. For all kinds of work, from the coarsest to the finest fabric, it is unsurpassed. In point of speed, we believe it is unequalled, while it works easy and smoothly on all kinds of cloth. The simplicity of its construction and its general adaptability to all kinds of work will always command for it a ready sale.

Mr. Sumner will take pleasure in showing the entire construction, mode, and management and working capacity of the Wheeler & Wilson patent, to all who may desire to purchase such an article.

PERIODICALS AND PAPERS.—In the space in front of the box-delivery, at the new post office building, is a neat little table of books and periodicals, embracing the latest, freshest, and best. It is owned by W. S. Kelly, the assistant postmaster, and he will aim to keep, not a large variety, but the latest and freshest magazines to suit the wants of the reading public. Persons visiting the post office on their way home, will find this table an exceedingly convenient place to procure a copy of the last monthly.

EVERYBODY in town and the west knows Moorhead & Co., the steamboat and commission agents of Wall street; they are also agents for the transportation of freight over the Baltimore and Ohio Railroad—the favorite route with Louisville merchants.

IN the selection of your flour, be careful you get a reliable brand, and do not blame your yeast for your negligence in this particular. After you have secured good flour, then let Hurley's celebrated Quick Yeast, and you will surely have good bread. All grocers have it.

HOMICIDE.—Night before last, at Greenwood, some miles below the city, near the residence of Garrett Sale, a difficulty occurred between Sale and Jefferson Phixton, in the course of which Phixton was killed by a gun-shot wound. We have not heard the particulars, but the jury of inquest have rendered a verdict against Sale.

COAL OFFICE.—Mr. J. N. Kellogg has opened a coal office, on Third street, near the corner of Main, for the sale of the best quality of Pittsburgh coal; also, Beach bottom coal at ten cents per bushel, delivered. Mr. Kellogg may be found either at the office, on Third street, or at the Louisville paper mill.

A couple of mules ran away yesterday morning in Preston street, with a lumber wagon heavily loaded; they did not run very fast, nor very long, nor do any damage.

A drunken woman on Green street, yesterday, was the source of much amusement to a crowd of dirty-faced boys.

THE usual number of arrests for drunk and disorderly conduct were made yesterday.

Inquest No. 50.

Held at Green Wood, ten miles below the city, on the 23d inst., on the body of Jefferson Thixton, about 30 years of age. The verdict of the jury was that the said Jefferson Thixton came to his death from gun-shot wounds at the hands of Garrett Sale, on the evening of the 22d inst., near the residence of said Garrett Sale.

A bit of a fight occurred, about 3 o'clock p.m. yesterday, on Fourth street, near Main, between a man of small physical frame and a boy of near his own size, in which the citizens of the neighborhood took considerable interest. It was conducted with spirit for some time, when the gentlemen retired from the field of combat. The crowd so quickly gathered, dispersed leisurely, commenting upon the merits of the fight.

The Marion Rifles, Captain Woodruff, marched down to Dupont's Paper Mill last night, and it is presumed tasted the medicinal properties of the Artesian well. Their admiral evolutions afterwards, showed that this company are just as well drilled as any artillery in the country.

THEATER.—This evening we have an entirely new bill, including the comic pantomime of "Harvest Home," Madame Francon's performances with the celebrated horse Johnstone, and the grand pantomime of the "Magic Trumpet." We expect to find a full house.

BASE BALL.—The Louisville Base Ball Club will play a match this afternoon at the grounds corner of Fourth and Kentucky streets, at five o'clock. The lovers of this interesting and invigorating game are invited to be present.

A drunken woman on Green street, yesterday, was the source of much amusement to a crowd of dirty-faced boys.

THE usual number of arrests for drunk and disorderly conduct were made yesterday.

River Intelligence.

ALL kinds of Steamboat Punting neatly and rapidly done at this office. Reasonable.

RIVER AND WEATHER.—The water is still falling, with 2 feet 8 inches by the mark in the canal. Yesterday was warmer than the few days previous, with some signs of rain.

BUSINESS.—The Superior, from Cincinnati, brought in 14 cases hats, 25 carboys oil of vitriol, 33 empty leather tierces, 77 bbls sheet iron, 1000 pounds paint and lamp-black, 30 bxs tobacco, 100 lbs cheese, 26 bxs matches, 50 bxs whisky, 34 pieces castings, 15 bxs hams from 37 cases hats, 35 cases shoes. Returned with a fair trip.

The Mary Cook, from St. Louis, discharged 67 bales hemp.

The John Gault left the Portland wharf with merchandise with as much freight as she could carry, consisting of bacon, lard, pork, haggis, rope, and whisky.

THE Cincinnati Enquirer of yesterday says: We can but say that we are having very strange weather at this season of the year. When we are expecting the thermometer to keep in the neighborhood of 80°, it is not uncommon to look for 70°. The Ohio is getting so, that we can see where the barrens are, and the water is pretty high. There is no boat but the lightest dredging boats can plow through the river and Lake Erie. The John Gault has been to the port of Cleveland, and has been to the landing, as a matter of course, confined chiefly to the packets; there is only now and then a packet that will be loaded with grain.

THE following is from a St. Louis paper of the 24th inst.:

Rowens arrived yesterday morning from the Missouri river, and brings the startling intelligence that the barrel Bennett's had become so formidable to the navigation of the river, that the Missouri river is now a mere sheet of water. The barrel is 1000 ft. long, 10 ft. wide, and 10 ft. high, and is a perfect monster. Some of these barrels have been so large that they have been managed to get over by some means.

All those boats are heavily laden, otherwise the river would be a mere sheet of water. The Rowens reports that the E. M. Ryland, bound to Omaha, has been held up by the barrel Bennett, and is now at the port of St. Louis.

All those boats are heavily laden, otherwise the river would be a mere sheet of water. The Rowens reports that the E. M. Ryland, bound to Omaha, has been held up by the barrel Bennett, and is now at the port of St. Louis.

THE following is from a St. Louis paper of the 24th inst.:

Rowens arrived yesterday morning from the Missouri river, and brings the startling intelligence that the barrel Bennett's had become so formidable to the navigation of the river, that the Missouri river is now a mere sheet of water. The barrel is 1000 ft. long, 10 ft. wide, and 10 ft. high, and is a perfect monster. Some of these barrels have been so large that they have been managed to get over by some means.

THURSDAY.....AUGUST 26, 1858.

Jeffersonville Railroad.

On and after Monday, July 12, 1858, trains on the Jeffersonville Railroad will leave Jeffersonville, at 6:30 a. m., 10:30 a. m., and 10 p. m. daily, Sundays excepted.

Closes connections made by the 10:30 a. m. and 10 p. m. trains at Seymour, with trains on the Ohio and Mississippi R. R., for St. Louis, Mount City, Cairo, Jefferson City, Kansas, Quincy, and Keokuk.

The 6:30 a. m. and 10 p. m. trains run through to Indianapolis, and form close connections with trains on the Terre Haute, Lafayette, Peru, Beloit, and Indiana Central Railroads, and the principal cities in the West, West, and North.

The 6:30 a. m., 10:30 a. m., and 10 p. m. trains connect at Seymour with trains on the Ohio and Mississippi Railroad for Cincinnati.

The 10 a. m. train on Saturdays only goes to Seymour, where connections are made for Cincinnati and St. Louis.

One train on Louisville, at 10 a. m., running through Indianapolis, connecting at Seymour, St. Louis, and Cairo, also Cincinnati and the East, and at Indianapolis for the principal cities East, West, and North.

Only one change of cars between Louisville and Cincinnati, St. Louis or Chicago.

Baggage checked to all the principal cities. All changes of cars made by trains running into the same depots, thereby avoiding annoying omnibus rides incidental to other routes leading from Louisville to the West and Northwest. The train is quick and fare as low as by any other route.

Through tickets and further information given at the Company's Office, No. 527, southeast corner of Main and Third streets, Louisville, Ky., or at the depot in Jeffersonville.

DAILY DEMOCRAT.

READING MATTER ON EVERY PAGE.

AN IMPORTANT MOVEMENT AMONG THE ISRAELITES. The present generation of the new synagogue, Oheb Shalem, in Hanover street, has inaugurated an important reformatory movement among the Israelites of this city. The members of this congregation, who had up to that time professed the orthodox creed of the Hebrew Church, and strictly observed its prescribed rites and ceremonies, have now discarded some of the fundamental principles of their faith, and abandoned its old and established forms, which were the expression of the religious feelings of the people, and the singing of hymns in the vernacular tongue, they have adopted a prayer-book, which gives due expression to the remarkable change of the religious sentiment which is beginning to make way among a large portion of that ancient people. Among the most important changes which have thus far characterized the movement, the restitution of Mosiac polity, and the return to Jerusalem, and the re-establishment of sacrificial worship, are no longer thoughts of hope and prayer.

The desire of millennium, in a somewhat modified form, is a prominent feature of the new prayer-book. These radical changes among the people of Israel, who have for so many centuries adhered to the strict faith of their fathers, have, of late, resulted in the formation of numerous congregations, which deviate more or less from the orthodox standard. The new prayer-book is the conjoined production of three Rabbis, of whom Rev. Dr. Isaac M. Wise, of Cincinnati, is the most distinguished. The congregation, which is now in High street, also follows the orthodox creed in so far that the males and females occupy the same floor, the latter not being required to occupy the gallery. Another feature of this congregation is the fact that its members are permitted to eat whatever food they please, all laws regulating that principle having been abolished. With regard to the Sabbath, however, all are agreed, and the seventh day is still observed as a day of rest—an entire cessation from labor, so that not even a fire may be kindled in the house of the Israelite on that day.—Baltimore Sun.

MORMON BIBLE AND POLYGAMY.—The Salt Lake correspondent of the New York Times quotes extensively from the Mormon Bible passages which denounce polygamy. Among them is the following, and others are equally strong:

"Behold, David and Solomon truly had many wives and concubines, which thing was abominable before me, saith the Lord; therefore, when saith the Lord, I have led this people forth out of the land of Jerusalem, by the power of mine arm, that I might raise up to me a righteous branch from the fruit of the loins of Joseph. Wherefore, if the Lord say, 'Behold, I will give this people seven brethren, hear me, and hearken to the word of the Lord; for there shall not any man among you have seven as one wife; and concerning he shall have none; for I the Lord God delighteth in the chastity of women.'

The following correspondence is said to have taken place between a New Haven merchant and one of his customers:

"Sir—Your account has been standing for two years. I have now settled immediately."

To which in reply—

"Sir—Things usually do settle by standing;

I regret that my account is an exception. It has been standing too long, suppose you let it run a little while."

AN AMERICAN NEWSPAPER AT SALT LAKE.—Kirk Anderson, the intelligent and talented army correspondent of the Salt Lake Republicans, has all the trial fixed for the publication of a Gentile newspaper at Salt Lake, Utah Territory. When that event happens the Saint will swear worse than did "our army in Flan-

ders."
